

Submit 2 Ezines

PLEASE READ: This service is only applicable to Internet Marketers who do not have the time to maintain or manage their promotions through article submissions.

HERE'S HOW IT WORKS:

- Our qualified writers will write the articles depending on your niche. If you can provide a link or PLR sources to get us started the better.
 - A typical article is 400-450 words, less technical and light to read. Our purpose is not to give the entire information to the readers but instead show them the way towards your money site. Keyword density is 1%, evenly spread across the article body.
 - All articles created will be in accordance to the site's submission policies.
 - We do not use scripts to spin hundreds of articles in 30 seconds. If you order 10 articles, we will write 10 articles manually. No synonym replacements or any rude tricks.
 - After that, we will submit the articles under our own ezine account or if you have one, we can use it as well. If you need a new account, we can do the signup for you.
 - If choose to post the articles under our Platinum Account.
 - We need your author's biography (anchor texts + URL). We will not put any links except yours.
 - There will be a 2-3 days lead time for the articles to go live. As soon the articles are published, we will send you an email containing the live links. You can follow the links, and use the articles at your disposal.
 - If you choose to post the articles under your existing account or create a new one.
 - We need your author's biography (anchor texts + URL). We will not put any links except yours.
 - Depending on your account's level, we may need to wait for 5-10 days for the articles to go live. Only Platinum Accounts merit the 2 days approval period.
 - If you choose to submit the articles by yourself, we will charge you with our normal article rate.
 - Occassionally, we do make mistakes but we don't want you to pay for that. You will be refunded should we fail to provide our promises.
 - This is our BETA TESTING and is currently available for ezinearticles.com. If you need to submit the articles to other article directories, you can do so but we don't provide such service as of this time.
 - NOTE: We do not provide money-back guarantee if ezinearticles.com disapproves the article/s because your website/s do not adhere to their existing policies. We will send all unapproved articles to your email instead.
